---

Hi Mark-

Attached are the draft Tailing Seepage maps. The Ambrosia Lake map got busy with the multi-colored well and flow arrow symbols, so I made the wells and arrows consistent with the other report maps. I noted which wells belongs to its respective formation in the Notes section of the map. We can tweak if need be.

I'm out July 9<sup>th</sup> – July 16<sup>th</sup>, but will be back in the office Tuesday, July 18<sup>th</sup>.

Thanks.
